

Ms. Shikany's WEEKLY NEWSLETTER

LEARNING FOCUS

Students will be able to identify and recognize the letter "V". Students will be able to add and subtract using a number line (hopscotch line).

Please double check that snack items being sent to school can easily be opened by your PK student.

THIS WEEK

We had fun making the phases of the moon with Oreo cookies. Everyone enjoyed adding and subtracting using a hopscotch line – a fun activity for home as well! Our favorite book this week was "Where The Wild Things Are" and we loved making our own "wild things". Enjoy the three-day weekend!

DATES TO REMEMBER

Monday January 18 - NO SCHOOL (MLK Jr. Day)
